I stepped aside this year,

In fact, I had lot of plans...

PyCon Latam

PyCon ES

PyConES 2017 Cáceres

# Then 2020 happened

And Covid-19

# PyCon US cancelled

(after a month of anxious waiting)

PyCon US

@pycon

Welcome to the EuroPython 2020 Discord Server!

If you are new to the server, post your real name and ticket ID in #registration-desk. A @registration agent will then grant you the attendee roles, which lets you see all other channels.

Our Channel Categories:

- Lobby: This is for general chat (#hallway), registration, #announcements, and questions to the organizers (#info-desk).
- Sponsor Exhibit: Our sponsors run a few rooms as well. Please drop by and say hello. We rely on them heavily to keep our costs low.
- Conference Tracks: This is where the action is. There are talk rooms for the main sessions, and peek rooms to see what the talk is about before joining.
- Breakouts: These are breakout rooms to chat with the speaker after their talk.
- Sprints: These are rooms for sprint teams to chat.
- Attendee Rooms: This section is for attendee run topic channels.
- Backstage: This section is for speakers and organizers only, and is not visible to attendees.

If you want to contact an organizer, use the @organizer mention. We also have @moderator for moderation requests, and @registration for

# ESPECIAL COVID-19 - Dados por Município

Graças a uma força-tarefa de [40 voluntários](#) que, diariamente, compilam boletins epidemiológicos das 27 Secretarias Estaduais de Saúde, disponibilizamos uma base de dados com a série histórica de casos e óbitos confirmados por município. Embora essenciais para o planejamento de políticas de contenção do novo coronavírus, os dados municipais não têm sido divulgados pelo Ministério da Saúde. Ainda como parte desse esforço contínuo de fornecer dados úteis relacionados à pandemia, disponibilizamos outras bases estruturadas, como população dos municípios afetados, óbitos suspeitos registrados em cartório etc.

“Optimism is a strategy for making a better future. Because unless you believe that the future can be better, you are unlikely to step up and take responsibility for making it so.”

–Noam Chomsky
